## **THUNDER CITY - THE ULTIMATE FAST JET FLYING EXPERIENCE!**

### **THE ENGLISH ELECTRIC LIGHTNING Price : € 11000.00**

Thunder City operates the world's only twin-engine two-seater (side-by-side) supersonic interceptor, the English Electric Lightning. Two Rolls Royce Avon 302 turbojets power this amazing aircraft. This aircraft is the crème-de-la-crème of fighter jets. The Lightning still holds a number of world climb-to-altitude records and is known for its vertical climb performance, capable of a speed of Mach 2.2 (1500mph), and an initial climb rate of 50,000 ft/min.

Your training includes a full morning's briefing, survival training, ejection seat training, oxygen management, as well as the kit and all your equipment.

### **Bae BUCCANEER Price : € 9000.00**

The British Aerospace Buccaneers are only flown from Thunder City, Cape Town. This tandem two-seater aggressor is designed for low-level, high-speed attack. Powered by two Rolls Royce Spey non-afterburning bypass turbofans, these awesome machines perform just below the speed of sound at zero altitude.

Your training includes a full morning's briefing, survival training, ejection seat training, oxygen management, as well as the kit and all your equipment.

### **HAWKER HUNTER Price: € 4500.00**

The Hawker Hunter was originally designed as a superior air fighter which, due to its versatility, was easily adapted for air to ground attack and reconnaissance flights. It is an exceptionally agile two-seater air combat trainer.

Thunder City have 2 two-seater Hunters that can be used for training, aerobatics, low flying and general flying. Powered by the Avon 122 series turbojet, this immaculate aircraft allows you to experience high 'g' adrenalin performance, like you have never felt before.

Your training includes a full morning's briefing, survival training, ejection seat training, oxygen management, as well as the kit and all your equipment.

### **THE STRIKEMASTER Price: Euro 2,250**

The Strikemaster is a sub-sonic jet pilot trainer – clients will undergo similar training in this fun to fly jet. Great for aerobatics and renowned for its spin manoeuvres and capability.

Your training includes full briefings on the cockpit management, ejection seat training, oxygen management and other pertinent information to enhance the experience. All necessary flying kit and equipment supplied.

***WE ARE WAITING TO TAKE YOU WHERE YOU HAVE NEVER BEEN BEFORE!***
